**CAREER OBJECTIVE**

Detail-oriented and highly motivated BCA Graduate seeking an entry-level Software Developer role. Eager to leverage strong foundational knowledge in full-stack web development, relational databases, and object-oriented programming in a fast-paced environment. Fully committed to continuous learning, adapting to new tech stacks from scratch, and contributing effectively to team goals.

**TECHNICAL SKILLS**

Programming Languages: Python, Java, JavaScript, C#

Web Development: HTML5, CSS3, Bootstrap

Database Management: MySQL, PostgreSQL

Tools & Platforms: Git, GitHub

**PROJECTS**

Web-Based Management System (Sadhale's Food and Agro)

Designed and built a comprehensive web application featuring a user-facing product catalog and an administrative control panel for seamless data management.

Implemented frontend layouts using HTML, CSS, and Bootstrap to ensure a responsive, user-friendly interface.

Developed backend logic and managed relational data tracking to ensure seamless administrative modifications.

## Personal Portfolio Website

Created a clean, responsive personal portfolio website using HTML, CSS, and JavaScript to showcase technical skills and college projects.

Optimized layout and structure for cross-device compatibility and clean code architecture.
